The PSP Target shooting Competition for rifles & handguns is open

to members of the PSP. Send your targets for entry into this annual competition to us before 1 October 2017.

Handgun shooting course dates, presented by our in-house IDPA Master Class Instructor, will be sent out via our official eNewsletters. All welcome at these training days. Download the PSP rifle and/or handgun targets from our website:

<http://www.wingshooters.org.za/ALL-DOWNLOADS/>. Then simply post or scan and email your shot targets to us. Your best target (score) of the year will be automatically entered into the competition. Call the office to join the PSP.

## LRSC - Long Range Shooting Club:

The Long Range Shooting Club (LRSC) is a sister club of SA Wingshooters.

Come and join us at our "home" range venue on a farm just 18km from Broederstroom, where we host long range shoots and training. Our range is permanently set up and the distances range from 470 metres to 1708 metres, and includes a 2,5km

range! The range is currently available 4 days a week – Tuesdays, Wednesdays, Thursdays all day and Saturdays until 12 noon.

This range/farm is not a public range and is available on invitation and for members of the LRSC only. Should you be interested, visit:

[www.longrangeclub.com](http://www.longrangeclub.com)  
Events hosted for members during the year will be sent out on email.

Long range shooting is challenging but fun. There is also an 'open' division, so you can compete with your hunting rifle, even though it is not the preferred setup for long distance shooting.

**Special Tracking Courses, or Animal tracking & Survival courses available for members:**

1. Man Tracker Course with Assessments –  
**14 to 21 May 2017**
2. Animal Tracking Course with Survival / Bushcraft Elements

The five and eight day courses cover similar subject matter. The instructional time spent on course content is greater on the eight-day option and more time is allocated to practical exercises. The natural and logical flow of the course material builds the learners and leads them into practical exercises. Learners are assessed once the required material has been covered both on a theoretical and practical level.
